Dear Pastor & Friends:

January, 2021

Not only does it "rain on the plain in Spain", but this new year it has decided to snow as well. The central part of Spain has seen unusually cold weather for the past 2 weeks. We have literally been snowed in - not able to get outside or move our car etc. etc. Madrid got the worst part, but even here in Guadalajara it put everything on hold. This area is just not prepared for this kind of bad weather.

We wish we could tell you some good news about the pandemic, but not so. We are now in what they are calling the third wave of the Covid virus. Just yesterday in our city of 80,000 there were 700 new cases. We are practically confined except for essential things and the majority of our people at church are having to see the services on internet. Our limit is only 30 people right now. It is hard to keep enthusiasm up as you know since most of you have experienced the same thing in your area. We pray we can soon see some improvement and just thank the Lord for His watch care over us and our family.

It burdens our hearts to see what is happening in the USA right now. We have not lived in America for any length of time during the past 60+ years, but we love our country and still get goosebumps when we hear the Star Spangled Banner. We pray God will have mercy on America and God's people will let their voice be heard. We are so thankful for all the cards, letters and special Christmas gifts we received during these past weeks. May God bless each one and may His Grace be sufficient for all your needs.
